5340 – Hardware Commercial

# Contractor Services

XLI Corporation is a full service manufacturer of precision engineered mechanical components and complex electromechanical subassemblies used in commercial and government applications including:

- Motorized Vehicles
- Firearms
- Security Instrumentation
- Communications Equipment
- Unmanned Aircraft
- Optical Sighting and Ranging Equipment
- Weapons Systems Hardware

Our range of contractor services include:

- Engineering
- Manufacturing
- Assembly
- Product Testing
- Packaging
- Delivery

## Streamlining Procurement

XLI manufactures your products according to your specifications and delivery requirements on a repetitive, low volume production basis in our U. S. facilities. We can provide complete support for your projects to streamline your procurement efforts and reduce your expense.

## Certifications

XLI operates under the following registrations and certifications:

- ISO 9001:2008 Registered
- ITAR Registered
- DFARS Compliant
- Federal Firearms License  
Type 7 (Manufacturing)
- Small Business Entity

## Prime Customer References

For more than three decades, XLI has provided precision manufacturing services for some of the nation's leading suppliers of consumer, industrial, and defense related products. The following companies are prime examples of our current military and law enforcement product customers:

**General Dynamics** – a customer since 2006. Sales include mechanical assemblies and component parts for military grenade launchers.

**Remington Arms** – a customer since 2006. Sales include mechanical assemblies and component parts for guns used in the military and law enforcement.

**Bushmaster Firearms** – a customer since 2009. Sales include component parts for guns used in law enforcement.

## Choose XLI

Choose XLI as your source for prismatic machining, rotational machining, sheet metal fabrication, assembly and test services, and design services needed to manufacture your products in the most cost effective way. For immediate assistance with your projects, please contact:
